

News Release

May 20, 2025

Sumitomo Precision Products Co., Ltd.

1-10 Fuso-cho, Amagasaki, Hyogo 660-0891, Japan

Tel 81-(0)6-6482-8811

Our company will participate in the Taipei International Computer Show "COMPUTEX TAIPEI 2025" from May 20 to 23. It will be held at the Taipei Nangang Exhibition Center, Halls 1 & 2. Last year, 1,500 companies from 36 countries and regions exhibited.

We will exhibit multiple A two-phase cooler for high-power CPU/GPU, Siphorex®, designed for high-power CPUs and GPUs.

We are preparing various types of CPU coolers that support TDPs from 500W to 700W, as well as various types (Concept model) of GPU coolers that support TDPs over 700W.

We will also exhibit coolers for Burn-in test system that support GPU TDPs of up to 1,500W. These high-performance air-cooled coolers, known as phase-change coolers Siphorex®, offer cooling capabilities comparable to water cooling while maintaining the low cost and maintenance-free benefits of air cooling. We propose solutions to address the challenges faced by air-cooled data centers.

We sincerely look forward to your visit.
