

MEMS

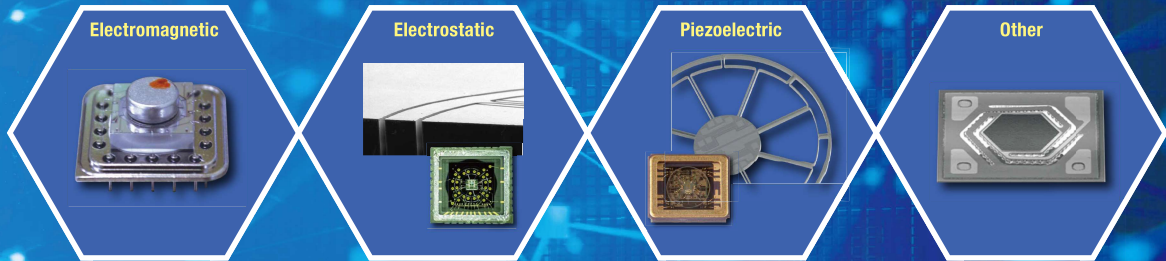

3 Core Competencies Of MEMS Infinity

Device development

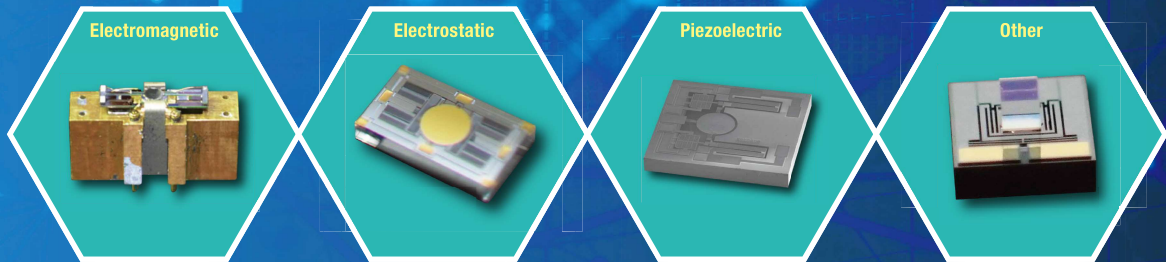

Accomplishment in development of all types of MEMS devices

▼ System: Examples of sensor design

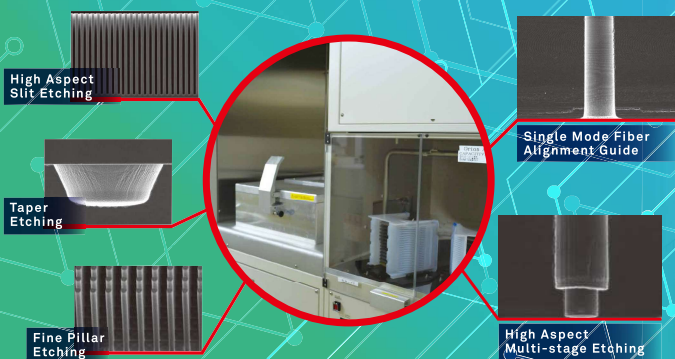

▼ System: Examples of actuator design

Production capacity

The Best MEMS Manufacturing Hub in Japan
Amagasaki Factory (6"/8" fab)

Technology in processing equipment

Know-how in design of equipment

Etching equipment for SiC, chemical compound / oxidized film

Si Deep RIE equipment

Etching equipment for sacrificial layer

PECVD equipment for oxidized film/nitride film

SUMITOMO PRECISION PRODUCTS CO., LTD.
